## ***Premium Destination Wedding Package in Juneau***

### ***Among the World's Most Romantic Destinations!***

Imagine sharing your vows on top of the spectacular Glacier Ice Fields. It is the most awesome and memorable way to start off your life together. The memories of your wedding day will be imprinted on your mind forever.

Your care-free wedding begins in Juneau as you are picked up in your wedding attire, shuttled to the heli-pad (stopping to pick up marriage license if needed) and whisked away for the fabulous flight to the dramatic Herbert or Mendenhall Glacier.

You will be overwhelmed by the serenity, majesty and spectacular scenery of your surroundings as you fly over glacier icefalls, clear blue crevasses to land on a safe and smooth area for your wedding. As the helicopter sets down, you will prepare to say your vows. You and your loved one will have a beautiful wedding. As time allows, your pilot will take you for a short sightseeing tour over the ice field on the way back to the Juneau heliport.
